SHELTERS

A unique concept, the modular prefabricated Shelter system can fit a variety of configurations. Simply provide architectural drawings of your space and our designers will configure a shelter that will fit your space and your needs perfectly. With a variety of options to choose from, Shelter provides a unique way to keep your patio or poolside areas producing while protecting your customers from the weather.

FEATURES:

- Modular design is freestanding or can be wall mounted
- Multiple units can be joined together to cover larger areas
- Motorized aluminum louvers provide adjustable protection against sun and rain
- Totally closed, the louvered roof blades provide a flat, weatherproof ceiling
- Optional side screens are integrated into the frame for a seamless look
- Motorized side screens allow you to adjust for the weather
- Variety of optional side screen materials from solid to screen fabric
- Wind tunnel tested for winds up to 125 MPH

ACCESSORIES

LED Lights

LED strip or adjustable spot lighting can be mounted in the louvers or around the frame perimeter. White or color changing light options are available.

Rain Sensor

Rain sensor automatically closes the louvers when it starts to rain.

Wind Sensor

Wind sensor automatically raises side panels when heavy winds are detected.

Infrared Heater

2000 Watt heaters can be mounted to frame.

UMBRELLAS

The patented One Move™ System is a pole mechanism that raises or lowers the umbrella in a single movement. Thanks to its gas spring, the umbrellas can be lifted effortlessly with basically the tip of a finger, as opposed to standing on a chair to crank up an umbrella.

The perfect shade solution for poolside or outdoor dining, our Saule Umbrellas are available in a variety of standard Sunbrella colors and can be custom ordered with your name or logo. With options like heaters, LED lights and gutters, the Saule Umbrella can be customized to fit your space perfectly.

ACCESSORIES

Cover

Protects the pole and umbrella in all weather.

Lights

LED's can be installed in the center of the umbrella.

Rain Gutters

Rain gutters with zippers can easily connect several umbrellas.

Infrared Heater

Up to 4 heating units can be mounted to one multi-pole.

CABANAS

Available in two standard sizes, 11.5' x 11.5' and 10' x 11.5', our cabanas are sure to make a splash poolside. With an easily retractable canvas roof, optional side curtains and durable aluminum frame, these Cabanas were designed with beauty and function in mind.
