

CABANA UP

The Standard Unit Cabana UP

Cabana Up is inclusive of a retractable canopy for existing structures. With a manual sliding open and closing system this pergola can transform your existing structure to a versatile outdoor space. Install the Cabana Up series to your existing wood, or aluminum beams to add a roof to an existing structure. Multiple modules can be used to cover longer dimensions.

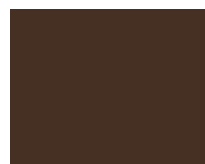

Roof Attributes

The roman roof shade is comprised of multiple sheets instead on one continous piece of material. This allows for easy maintance and replacement.

Standard Color Options

Powder Coated Aluminum has a strong UV Resistance, does not contain solvents or VOCs, and resists against scratches, corrosion, and chipping. Available in 4 standard colors Dark Brown, Dove Grey, Special Grey, and White

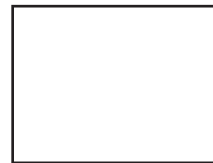

Dark Brown

Dove Grey

Special Grey

White

Custom Color Options

Custom RAL Powder Coats are available for the frame so that you can match existing architecture or personal taste. From matching a sage green, pale blue, or specific gray color there are over 500 color options to choose from.

Canopy Color Options

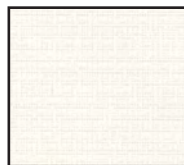

The manually operated roman roof shade is locked in to place with magnet sockets. This roof shade is made of PVC sheets that allow for east maintance.

Soltis Proof W96 protects against sun and weather, while preserving the level of natural light with translucent and waterproof material. Also available in a non water proof version as Soltis 96.

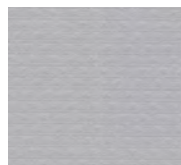

Preconstraint 402 has a laquered finish on both sides and protects against rain, UV and heat, complying with the leading fire classifications.

Matte Blackout 602 is a high performance PVC with acylic finish on both sides. Provides 100% black out and a thermal barrier.
