

CABANA UP

The Standard Unit Cabana UP

Cabana Up is a retractable roof cover for outdoor shade structures, inclusive of a retractable canopy for existing structures. With a manual sliding open and close system, this pergola can transform your existing structure into a versatile outdoor space. Install the Cabana Up series to your existing wood, or aluminum beams to add a roof to an existing structure. Multiple modules can be used to cover longer dimensions.

Roof Attributes

The Roman roof style shade is comprised of multiple sheets instead of one continuous piece of material. This allows for easy maintenance and replacement.

Standard Color Options

Powder Coated Aluminum has a strong UV Resistance, does not contain solvents or VOCs, and resists against scratches, corrosion, and chipping. Available in 4 standard colors Dark Brown, Dove Grey, Special Grey, and White

Dark Brown

Dove Grey

Special Grey

White

Custom Color Options

Custom RAL Powder Coats are available for the frame so that you can match existing architecture or personal taste. From matching a sage green, pale blue, or specific grey color there are over 500 color options to choose from.

Canopy Color Options

The manually operated Roman roof shade is locked into place with magnet sockets. This roof shade is made of PVC sheets that allow for easy maintenance.

Soltis Proof W96 protects against sun and weather while preserving the level of natural light with translucent and waterproof material. Also available in a non-waterproof version as Soltis 96.

Preconstraint 402 has a lacquered finish on both sides and protects against rain, UV, and heat, complying with the leading fire classifications.

Matte Blackout 602 is a high-performance PVC with acrylic finish on both sides. Provides 100% black out and a thermal barrier.
