Beauty Meets Pergola

A decorative pergola with shade lattice, the Pure is one of the industry's only fully extruded, fully structural pergola systems. Unlike thinner metal systems, the Pure is designed to last for the life of your home. Using our 2-inch-wide wide shade lattice tubes, the Pure can provide 10% to 60% shade, so you can choose how much sun you want to illuminate your space.

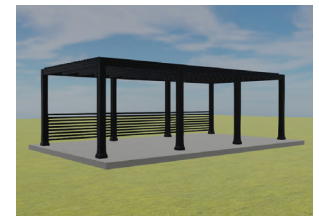

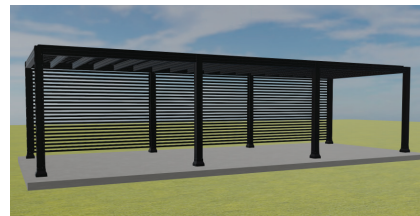

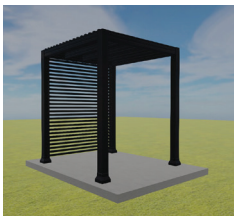

Virtually Any Size

Choose the perfect size for your space. Couple multiple units together to get your desired length.

Custom Wall Configurations

Choose full or half lattice walls for one, two, or three sides

Color Options

Choose from 4 finishes for your pergola.

Black

Bronze

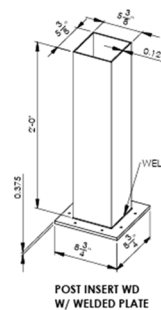

Sandstone

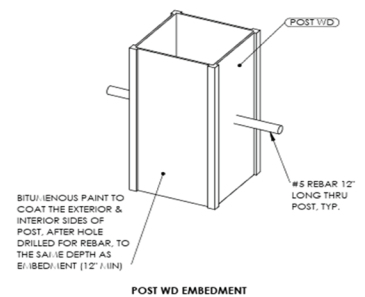

White

Mounting Options

Choose bolt-down or ground anchor.
